My Pilot Store [www.mypilotstore.com](http://www.mypilotstore.com) 1-877-314-7545

If you are on Facebook follow Boldmethod . They have great info that comes out on a regular basis in a nice easy to understand format .

This is supplies you will need. If you can't get everything at once start with the logbook, start looking for a headset, and get the King knowledge course ASAP.

Headsets can be expensive. I like the Bose , Light Speed and Faro. I have had several students tell me they really like the UFQ brand (U Fly Quiet). If you cannot afford or justify an expensive headset get something cheaper and you can use it as a spare for your friends later. I have a headset that you can borrow for a short time until you get one.
